

Chapter 30

V.M.T - A Miraculous Genius

Astrologers are few in number among Christians, since they misbelieve that astrology is a wrong concept. The Christian astrologers live away from exposure to public because they fear the criticism from the Christian priests. Late Mr. V.M.Thomas B.A, B.T Thondankulam, a retired high school teacher was a person who had laid his foot print in this field. He used to analyze the causes of the painful problems of thousands who approached him. He advised them the remedies and solutions for a peaceful life.

I praised him as a miraculous genius not because of that he was an astrologer. I don't have any doubt that he was a gracious personality like Rishis. I came to know from him that he used to do meditation from his childhood itself. Also I came to understand from Mr.V.M.T that from his childhood, he used to chant the Lord's prayer [which Christ had taught his disciples] as many times he could, according to the advice Received from Late: His Grace Yakoob Mar Timotius (A Bishop of the Jacobite Syrian Church) and he completed it many million times.

Is his deed a "Herculian Task"? Because the great Rishis need decades to complete the chanting "Aum"- hymns millions of times and get the divine capabilities. His dedication and devotion is highly praiseworthy as he completed such a large prayer so many million times. He faced the difficulties and problems of life with a smile and with a balanced mental condition and his mental power was wonderful.

The wonderful power given by God to Mr. V.M.T, who completed the Lord's Prayer many millions is highly praiseworthy. That wonderful blessing was that if he silently chant the Lord's Prayer in Syriac language and place his hand upon another person's palm, then that person can view and communicate with the Angels, holy Deities, spirits of the dead and the Snakes of Fire and such persons are called medium.[Medium:- A person who has the ability of clairvoyance. Usually children under the age of 12 are used as media].

With the help of "medium", he sought the advice of the heavenly powers and saved and served the lives of the thousands. Is this a pleasing news? I have no doubt that Mr. V.M.T was a miraculous genius as he ever showed affinity towards wealth or anger towards anybody.

He was informed through the medium that his life span will be 115 years and "Samadhi" (voluntary death) will occur instead of death, if he would have extended his meditation. But due to some unknown reasons he had stopped meditation and used to pray only ordinary prayers. And he left this world at the age of 83 (on 18th June 2003). While he introducing me to somebody, he introduced me as his friend. Once he told me, "We shouldn't like foolish students studying in the same class. Let us die when our life span finishes. Then only we will be promoted to the next class" I think that this ideology tempted him to stop the meditation.

Immediately after Mr. V.M.T had realized the power of Lord's Prayer, he used to cure so many patients using the vibration of that prayer.
