

## Chapter 31

### Message Given by Christ

I have met Mr. V.M.T first time in a rainy season. He may be then of 70 years. He didn't appoint anybody as "medium" then. The reason for that may be the fact that he had not completed chanting the "Lord's prayer" several million times. After some years, when I visited him, he told me that he had appointed so many persons as "medium".

Thus, with the help of medium, we used to talk with the holy angels, the holy deities like Lord Shiva, Lord Krishna etc. Arch angel holy Michael warned us through medium not to try to talk with Christ or God with the help of medium. So we decided not to call Jesus Christ.

In the next meeting, V.M.T told me a good news. It was that he happened to meet a new angel called "OY" through medium. I felt, that name was familiar to me. Later, I understood that it was one of the angels seen on the picture in which Holy Mary carrying infant Jesus in her hands.

I have said this thing to Mr. V.M.T. But he was not ready to believe it. He wanted to see the picture. Because he was a member of the Jacobite Syrian Orthodox Church. Among those Christians, the said picture is not in use. That was why he couldn't identify the picture. As I am a catholic believer, I have shown that picture. After thoroughly watching the picture, he said to me. "This is a good proof for that our discoveries are true and believable". [The medium was a 12 year old Hindu boy. He never had a chance to see that picture.] It is not wrong to believe that the artist of that picture who lived hundreds of years back, was an artist who had foresight like the Rishis in India.

Once Mr. V.M.T said to me when the medium sitting in front of us viewing the celestial Light from Lord's Prayer. "Its better to have another heavenly entity's help who is just inferior to God in power. Let us severely pray silently for the same". We were praying silently for that. After some time, the medium said, " Christ arrived. Christ disappeared saying he would send if any suitable one like that".

**Arch Angel Holy Michael**

We understood that , that was a censure from Christ. Because, after that, nobody came to the celestial light. After God, Christ is the overall who is God himself. Nobody equivalent to Christ. This is why Upanishad “Katopanishath” describes Christ as the noblest destination and the summit male.

In another occasion, while the medium was viewing celestial light, he said one person standing facing the opposite side and radiating light enormously. The colour of his robe changed each and every moment. He was similar to Christ. Arch angel holy Michael was worshipping him lying face down.

Suddenly Christ arrived there and embraced and kissed the person whose backside only was visible. Mr. V.M.T begged Christ through medium to help him to recognize the person whose backside only was visible . Medium said” Christ said, this is my Holy Father; you (medium) will die if you see the face of my Holy Father. That is why he stands opposite to you.” After a short while, God disappeared from the vision. Christ blessed us and he also disappeared. “Angel said, Now ask your questions for clarification”., said the medium.
